ABOUT US

Chairman's Message

Dear Friends, Well wishes and Valued Patrons, SecuriState Pte Ltd have been operating for more than 10 years since its establishment in 2010. In these 10 years, SecuriState have gone from strength to strength acquiring various capabilities in the broad security arena. SecuriState Pte Ltd have expanded to 4 offices and bases worldwide. SecuriState have recently established a new office in West Africa to serve our clients in the West Africa region more closely to tap on the new opportunities in that frontier.

We have now taken a turn toward technology and embarked in new projects in the Middle East to complement our Maritime Security Services. SecuriState Pte Ltd is launching our new Maritime Drone services is to provide Shore to ship logistic services for our shipping clients. We have set-up the foundation and foresee the next 10 years as an exciting time for SecuriState to flourish.

We thank all our partners, staff and friends for their support and commitment to our course

We Serve to Protect

At SecuriState, we recognise the value of enhanced security as an important component of your business. It's our mission to provide a secure environment and protect our clients' personnel, assets, and reputation.

With a decade of experience, we are one of the leading maritime security specialists and protection experts on par with global standards. Our hand-picked security officers are highly-trained to consistently deliver a keen sense of observation, detailed care, and strict vigilance.

We guarantee superior industry, protection, and risk management expertise. Leave the business of safety and security in our hands, so you can focus on your businesses' core activities.

Our Mission

To deliver impeccable services to our client without disrupting their operations or compromising their safety.

Our Vision

To be proficient in our services with quick and immediate action with upgrading of services on a consistent basis, offer security for our clients with quality and value besides building lasting relationships.

Our Values

To foster the culture of protection amalgamating International guidelines and Human Rights whilst providing our services to our valued clients. Also by innovation, versatility and flexibility with customized security services, build respect and trust with delivering promises and by harnessing the talents, aptitudes and innate sincerity.

COMPANY PROFILE

- Our team comes with over 25 years of military and police experience. Their expertise vary from regular combat unit combatants, special operations forces, police force and intelligence services.
- Our highly trained staff have operated and performed in peacekeeping operations in the persian gulf, east timor and other parts of the world combating terrorism, piracy and violence.

Our Code of Conduct & Quality Policy

The pinnacle is to detect, deter and defend our client's property and its personnel and asset from harms way.

SecuriState, complies within the practices and principles besides maintaining a transparent Code of Practice and International Code of Conduct that speaks for our disciplinary and credibility structure.

WEAPON LUBRICATION TECHNOLOGY

Weapon maintenance is a crucial part of the culture of security. Properly lubricated weapons prevent unwanted stoppages and keep your piece operation smoothly, therefore increasing its reliability and durability.

We have a strategic partnership with Barrier Lubrication Technology, which distributes the award winning, revolutionary friction reduction technology Boron-CLS-Bond®, a biodegradable corrosion inhibiting lubrication technology designed for the latest mechanical advances in precision engineering.

Through this partnership, we provide industry leading products and services for the maintenance and life extension of firearm and military equipment.
